

Device Placement & Configuration PBQ Answer Key

Updated to include the physical location of each device on the simulation layout.

Correct Device Placement

PBQ Position	Drop Zone	Correct Device
Top left	DZ1	Switch
Top center	DZ3	Firewall
Top right	DZ2	WAP
Center middle	DZ4	Router
Center bottom	DZ5	Wireless Range Extender

Do not use: Hub

WAP Configuration

- Mode: AC
- Channel: 36
- Security: WPA2 - Enterprise

Wireless Range Extender Configuration

- Mode: AC
- Channel: 36
- Security: WPA2 - Enterprise
- Passphrase: S3cretkey!

Firewall Rules

- DNS Rule: PERMIT
- HTTPS Outbound: PERMIT
- Management (SSH): PERMIT
- HTTPS Inbound: DENY
- HTTP Inbound: DENY

Position labels were mapped from the HTML layout coordinates: DZ1 (left upper area), DZ3 (upper center), DZ2 (upper right), DZ4 (middle center), and DZ5 (lower center).
